REMARKS

Under 35 USC §120, this application relies on the earlier filing date of application serial number 09/880,729 filed on December 27, 1999. Attached please find a copy of PTO-1449 from that application listing references cited by the Examiner. Copies of the newly cited references are also enclosed.

The references cited on attached form PTO-1449 are being called to the attention of the Examiner. It is respectfully requested that the cited information be expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom.

As provided for by 37 CFR §1.97(g) and (h), no inference should be made that the information and references cited are prior art merely because they are in this statement and no representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information.

This statement is being filed before a first Office action on the merits and therefore Applicants believe no fee is required. Please apply any other charges or credits to Deposit Account No. 06-1050.
